

## Hardware Installations

We supply Servers, PCs and peripherals from major manufacturers including Dell, Compaq, Epson and Hewlett Packard. This gives your business the best advantage because your investment in hardware will be backed up by the quality assurance and warranty that you would expect from mainstream brands coupled with the personal support and expertise provided by Sentinet.

You will also be pleasantly surprised by cost because we have well-established partnerships in place with these suppliers which means we can offer very competitive prices. We provide free consultation to establish your needs, offer guidance and advice to ensure that products are suitable for the job in hand meaning that you can leave all the work of sourcing, providing and installing to us.

So whether you need Servers, desktop computers, printers, plotters, switches, routers, access points, communications cabinets, cabling, replacement components, bar code scanners and more; all you need to do is make one telephone call and its taken care of.

Call 01424 858185 for more information.
